problem. One Act and many Solutions is the real fact in India.

### Age Criteria

Age is the important depends upon need for that life. Our research said that boy's age between 12 to 35 is the most dangerous age group because inside that age are the school & college student. In Indian Many Harassment cases these are easily proved. Young generation is mad for mobile & internet to access some porn sites inside mobile phones & also laptop / computer. Every Student in that college life porn sites visit's 5 to 7 times. So affects on that next day of college. Each boyfriend consider as porn girls to girl friends and after that sexual harassment start's.

These applicable for boys group, following Table 1.1 shows some criteria between specific ages. Where women's harassment done.

Table 1.1

SR No	Boy's AGE	Girls/ Women's Harassment Place
01	12-18	School / Colleges / Bus Stop / Industrial Visit
02	18-25	School / Colleges Canteen / Bus Stop / Inside bus / Public Places / Industrial Visit
03	25-29	Own Car / Colleges / Public Places / Working Place
04	29-35	Own Car / Colleges / Public Places / Home / Working Place

But following table 1.2 shows some reason to why these situations arise in Student / Boy's Mind.

Table 1.2

SR No	Boy's AGE	Reason for Harassment
01	12-18	Incomplete Information About Sex/ Sexual Attraction
02	18-25	Need for sex / Knowing the information / Sexual Attraction

04	29-35	-

Next Table 1.3 Shows source of Sex and how to getting information about sex from sources.

Table 1.3

01	12-18	Internet / Book / Friends
02	18-25	Internet / Book / Friends
03	25-29	-
04	29-35	-

### **Solution to overcome problem**

1. Internet is the main source to provide these all information about sex and free of cost. There is no extra cost for that information.
2. Book is not easily available in at everywhere and cost is very high than Internet.
3. Third Important factor is Friends to provide detailed information about sex to other friends.

The 80% Women's harassment is in Boys age between 12 to 25 and girls / women age between 12 to 40.

### **following some solution to overcome the problem**

Table 1.4

02	Don't use Mobile phone / Laptop / PC	1. College/office Related Work Incomplete 2. Contact's
03	Don't meet to Friends	Updated information not received

**Table 1.3**

Above All solution are failed in some cases i.e not applicable for to avoid women's harassment.

### **Common Factor**

By using our Research in above solution one major factor is "**WEB BROWSER**". Internet is the only connection and only interferences between websites and end user. But browser is work on both sites

1. uploads the porn sites
2. display information to end user

But Again Problem is how many Web Sites can be blocked inside the Server. There are millions of sides to display information.

## Work FLOW

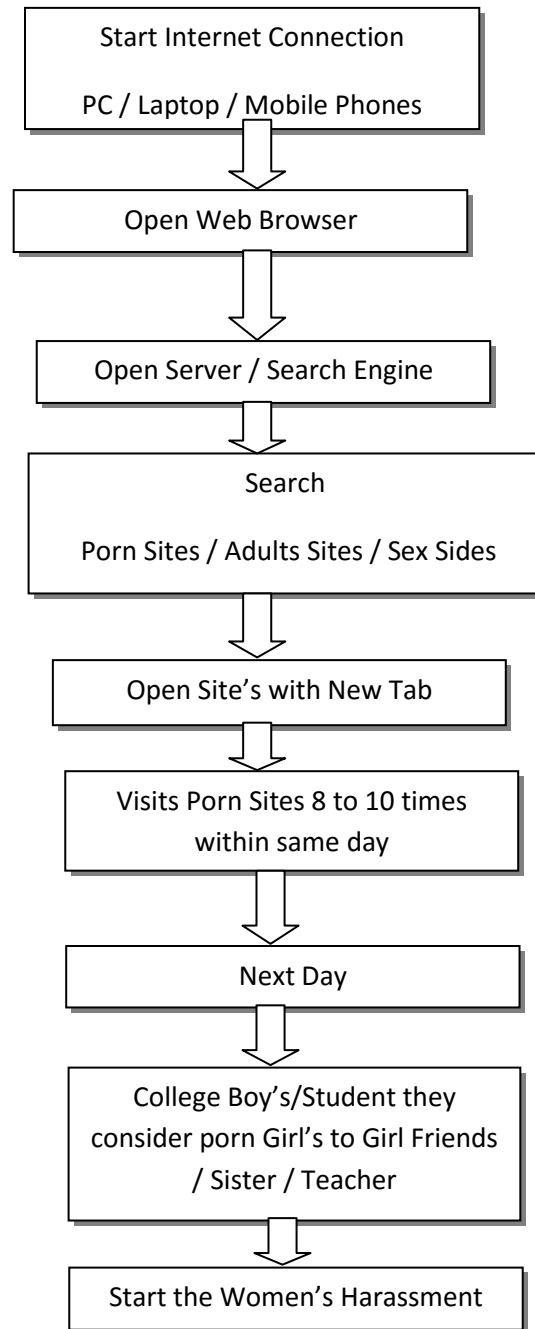

Fig. 1.1

Fig. 1.1 Shows work flow and display how women harassment from outside factor. But one common is so Internet is the way to retrieve information. Each boys visits porn site's 8 to 10 times in same day i.e affects on their mind and girl friends, sister, teacher etc. also they consider as porn girl as obviously at that time women harassment start.

Finally all solution are fails to overcome problem, so we design web browser to avoid harassment and result to each and every women feel as a safe from outside world.

Following section describe all about web browser its procedure and working , how much parameter required to completed the browser.

### **Women Safety phadke browser**

(WSPB) WSPB is platform independent and also support windows operating system. The goal is that to avoid harassment problem. Following section describe browser goals and procedure.

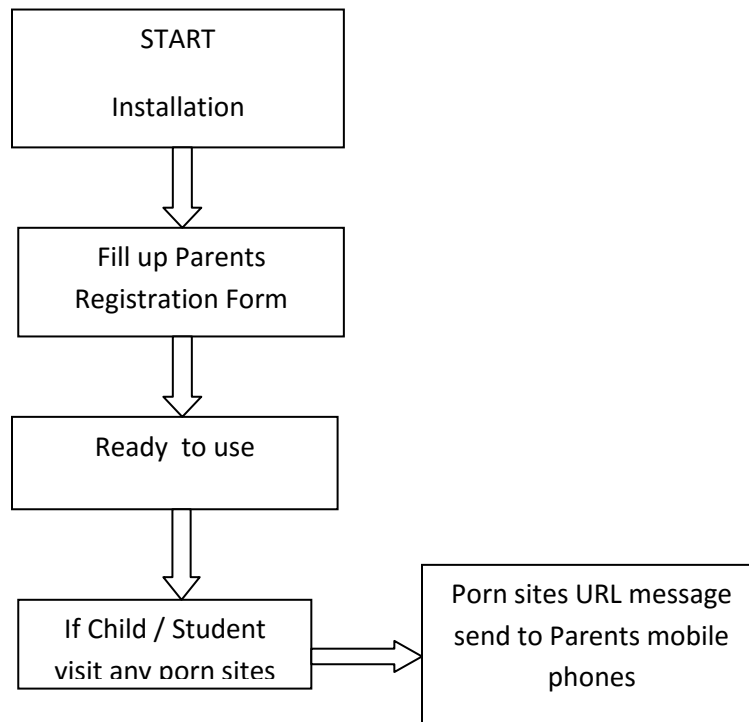

#### **WSPB GOALS**

College and school student education growth is important in their life. Mostly student fails in their college exam because they bunk every lectures and not aware about syllabus etc. and finally result will fails in more than 2 to 3 subject. They spend their extra & college time to visit porn sites on that mobile phones, laptop.

1. Increased student educational growth
2. Avoid women's harassment
3. Each parents feel as a safe
4. Each girl feel as safe from outside world

#### **Working of WSPB**

Web browser required proper installation to run browser. If installation not done correctly then automatically fails in that working. Our WSPB browser required following steps to work properly. And help to overcome problem.

## WSPB Test cases

Web browser install three parents in own home laptop and PC

Previous and after browser installation result and test cases shows as follows.

Table 1.5 **Before WSPB Installation**

Sr. No	Student Name	Spend time / place (bunk Lecture)	Educational Exam Result
01	Student 1	Home /Canteen	02 subject ATKT
02	Student 2	Home/ Bus stand/ college katta	Pass with Less marks
03	Student 3	Friends home / stand / college premises	Fails in all subject

Table 1.6 : **After WSPB Installation**

01	Student 1	02	Pass in all subject
02	Student 2	05	Pass with Less marks

## Conclusion

After Successfully WSPB browser Installation. Each and every women and girls are safe from harassment problem, each parent are feel as safe. Because student Educational growth increased automatically through WSPB. **Require Three Person to Avoid Women's Harassment Parent, Student, WSPB.**
