OBITUARY

Prof. Dr. Subrato Pal did his graduation, Masters & Doctorate degrees in Mechanical Engineering from Jadavpur University.

He came out of a humble village family wherefrom he completed his pre-university education with credit. After his graduation, he joined J.U. as a teacher-trainee, subsequently he became Lecturer, Reader and Professor of Bio-Engineering nurtured by Mech. Engg. Dept. He had by then undergone training in Bio-Engineering in USA for a period of one year also. He was instrumental for the creation of a Bio-Engineering Section with the authority to start P.G. programme in Bio-Engineering. He worked around prosthesis of knee joint along with a team of doctors from Medical colleges.

He authored/co-authored several books for graduate studies in engineering and published many research papers in India and abroad. An Examiner of thesis (P.G. & Ph. D) of different Institutes, he had loving personality. He was a Life Fellow of our institution.

The Association of Engineers, India condoled his sudden and untimely demise on 12.02.2016. May his only daughter be given strength by the Almighty to bear her loss. May his soul rest in peace.
