### NEW ENROLMENT

SL. NO.	NAME	GRADE	DATE OF ELECTION
1.	Er. Rajesh Sharma	Associate	03. 11. 11
2.	Dr. Kabita Purkait	(LF)	09. 02. 12
3.	Er. Smt. Bandana Barman	(LF)	09. 02. 12
4.	Dr. Sukla Basu	(LF)	09. 02. 12
5.	Dr. Sanjoy Das	(LF)	09. 02. 12
6.	Er. Pijush Kanti Kumar	(LF)	09. 02. 12
7.	Er. Venkatesh Babu R.	(LF)	09. 02. 12
8.	Er. Arijit Dutta	(LM)	09. 02. 12
9.	Er. Ajay Kumar Meher	(M)	09. 02. 12
10.	Er. Bimal Mukhopaddya	(LF)	08. 06. 12
11.	Er. Gobinda Ch. Das	(LF)	08. 06. 12
12.	Er. Partha Pratim Saha	(LF)	08. 06. 12
13.	Er. Asim Kumar Samanta	(LF)	08. 06. 12
14.	Er. Arup Kumar Biswas	(LF)	08. 06. 12
15.	Er. Bijoy Mondal	(LF)	08. 06. 12
16.	Er. Manas Kumar Saha	(LF)	08. 06. 12
17.	Er. Dipankar Das	(LM)	08. 06. 12
18.	Er. Bikash Panja	(LM)	08. 06. 12
19.	Er. Ujjal Baidya	(LM)	08. 06. 12
20.	Er. Aritra De	(LM)	08. 06. 12
21.	Er. Subhashis Das	(LM)	08. 06. 12
22.	Er. Rajib Das	(LM)	08. 06. 12
23.	Er. Ashutosh Gain	(LM)	08. 06. 12
24.	Er. Tridibesh Das	(LM)	08. 06. 12
25.	Er. Subrata Dey	(LM)	08. 06. 12

<b>NEW ENROLMENT</b>			
<b>SL. NO.</b>	<b>NAME</b>	<b>GRADE</b>	<b>DATE OF ELECTION</b>
26.	Dr. Satyajit Chatterjee	(LM)	08. 06. 12
27.	Er. Dipak Bhadra	(LF)	22. 06. 12
28.	Mr. Biswanath Chakraborty	(LA)	22. 06. 12
29.	Er. Swarup Mukherjee	(LF)	22. 06. 12
30.	Er. Mukul Kumar Gangopadhyay	(LF)	22. 06. 12
31.	Dr. Arnab Sarkar	(LM)	27. 08. 12
32.	Er. Anand Sethi	(M)	27. 08. 12

## **Report on Joint Training Programme on NDT**

A training programme on Non-Destructive testing (NDT) of metals as per recommended practice No. SNT–TC–1A of American Society for Non-Destructive Testing (ASNT) was organised jointly by The Association of Engineers, India and TMC Institute of Learning, Kolkata during the period July 16 to July 29, 2012 at the Training Centre of The Association of Engineers, India at Salt Lake. Training was conducted in the following areas of NDT :

- Ultrasonic Testing (UT)
- Magnetic particle Testing (MT) and
- Liquid penetrant Testing (PT)

Intensive training was provided by a team led by Shri Debashis Sarkar, Chief Engineer of Test Metal Corporation (TMC) group alongwith his highly motivated and experienced colleagues. Participants were from industry as well as from academic institutions such as IMT Megatherm, Duttcon, Jadavpur University, Kalyani Government Engineering College, etc. However, credit of success of this programme organised by a combine of almost a century old professional association and an upcoming academic service provider must go to the innovative ideas of Prof. M. Bhattacharyya, President of The Association of Engineers, India and Prof. B. Chaudhuri, Ex-Professor, Jadavpur University and Member of The Association of Engineers, India Council. They were the guiding spirits and acted like beacon lights. Shri Pranab Ray, Director, TMC Institute of Learning was the Course Co-ordinator.

## **CELEBRATION OF TEACHERS' DAY-2011**

At the Association of Engineers, India Training Centre, students of Diploma in safety Engg (DIS) of 2011-12 batch celebrated the Teachers' Day on 04.09.2011, instead of 05.09.2011. The programme was inaugurated and conducted by Shri Gopal Ghosal, a student of DIS.

According to him Teachers' Day is completely a different programme unlike that of National Safety Day, Fire Services Day, etc. In this day, student offers respect and honour to the persons, who are involved in such a responsible job of building up human beings. This day is considered as Teachers' Day, because on this day, the great teacher and former President of India, Dr. Sarabapalli Radhakrishnan was born. Everybody pays respect and honour to him. Everybody knows teachers are the backbone of any society. There is a difference between other jobs with the teachers' because they not only share their knowledge with the student but they enlighten and motivate the student. A teacher can turn a bad student into an excellent one by his own capabilities. On behalf of all the students, Shri Ghosal paid honour and respect to the teachers.

Shri Ghosal shared his own experience of his student life. He studied in Narikeldanga High School, Kolkata. In that school, students used to celebrate Teachers' Day every year by offering flowers and pens to the teacher. The programme used to end with light snacks. During that time they did not understand the importance of that auspicious day. But now, the importance of the Teachers' Day is well understood.

The students of the (DIS) class welcomed all the teachers with flowers, greeting cards and pens and requested the teachers to bless them on the occasion.

Mr. C. Chatterjee sent a message to the student–

–“Safety cannot be compromised for anything but everything can be compromised for safety”.

–“Make good relationship between teachers and students”.

“Feel free to contact me (Er. C. Chatterjee) in case of any problem regarding safety”.

Er. C. Chatterjee is a septuagenarian person but this capabilities, determinations, commitments and dedications towards the students are remarkable.

Honorary Secretary Er. Sankar Basu Roy, gave a short speech on this occasion. He said a teacher and a student have a common heart, and still now the students respect teachers as earlier. The teachers of The Association of Engineers, India are experienced, and retired persons, but they are now engaged in building up human resources for global interest.

Er. Subir Seth gave suggestions to the students to acquire knowledge from the teachers as much as they can, because the teachers here are very much experienced, knowledgeable, and were directly related with safety related jobs.

Mr. A. Samanta again stressed on the good relationship between teachers and students. He

said that all the faculty members of the Association are experienced, and they build up a friendly environment, very important for the students, so the students can update themselves through continued interactions.

Er. S.K. Nag, Principal of the Institution, shared his experience of his own childhood as a student. He reiterated that discipline in the student life is very important.

Prof. Dr. Madhusudan Bhattacharyya, President of The Association of Engineers, India said that the teachers are basically students because they are also in the process of updation of knowledge and involved in education always, because there is no end in the process of learning. He shared a few experiences of his life. He said each student not only has to be a good safety engineer, but also a good human being.

The cooperation of Er. S. K. Alley is remarkable for organizing such a beautiful programme. He also shared his own experience with all the teachers and students present. He advised all the students to remember all teachers in future, and to keep a good relationship with them.

Mr. S. K. Mondal gave suggestions how to make a good relationship between teachers and students. He also said that students are like sons of the teachers.

At last Shri Gopal Ghosal said that the problems of teachers are the problems of students and they will do spontaneously for their teachers. He also said that “Darkness stands for ignorance and light is a metaphor for knowledge, energy and hope”. This knowledge is given by the teachers. They raise different hopes in students’ mind and impart energy in the journey of life. In this journey, one can remember the words of Swami Vivekananda : “In a day when you do not come across any problem you will be sure that you are travelling in a wrong path”. In the words of Rabindranath Tagore, “বিপদে মোরে রক্ষা করো এ নহে মোর প্রার্থনা, বিপদে আমি না যেন করি ভয়, যেন করিতে পারি জয়”।

As a representative of all students, Shri Ghoshal heaped respect and honour to the teachers for being with them so long. The programme ended with a happy note followed by light snacks and cold drinks.

## REPORT

**A SEMINAR ON SKILL DEVELOPMENT INITIATIVE (SDI) & EMPLOYABILITY** was organised by the Institute of Instrumentation & Metrology- Industrial Training Centre (IIM-ITC) at Panihati Lokosanskriti Bhavan on April 20, 2012 involving the Association of Engineers, India.

The event was inaugurated formally by Shri Charan Chakraborty, Chairman, Panihati Municipality. Prof. Bimal Chaudhuri, Convener of the Seminar and Executive Council Member of The Association of Engineers, India, conducted the Inaugural Session. Sri Priyatosh Das, the President and Sri Mukul Gangopadhyay, the Principal of IIM-ITC addressed the gathering.

There were three technical sessions. Discussions were made on the status of education and vocational education in India, importance of setting up of more training courses and ITC/ITIs, entrepreneurship development, Public-Private-Partnership, programmes conducted by MSME-Development Institute, soft skill development, etc. Stress is also given on advertising widely this type of awareness programme, so that parents get awareness about different avenues of making their wards employed.

Technical Session II was chaired by Prof. Madhusudan Bhattacharyya, the President, The Association of Engineers, India. He opined that serious, practical based in-hand training is much needed to generate employability. He also stated the teething difficulty faced by a budding entrepreneur to sustain himself.

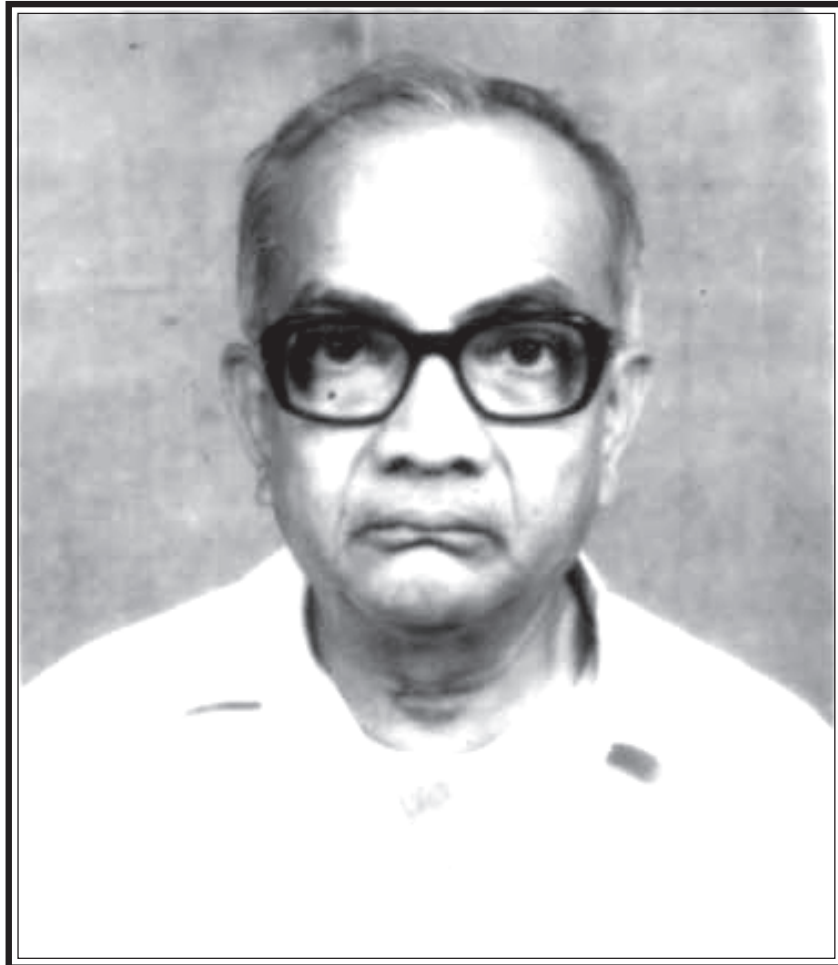

Prof. Santanu Das, Head of the Department of Mechanical Engineering, Kalyani Govt. Engineering College, Kalyani and the Acting Editor of the Journal of the Association of Engineers, India chaired the Special Session. At the end, Prof. Santanu Das made a short briefing on the delivered lectures and reiterated the importance of organizing similar awareness programmes in different places aiming at the upliftment of the society on the whole.

Compiled by

Prof. Dr. Santanu Das

Acting Editor of the Journal of the Association of Engineers, India

## CONDOLENCE

The Association of Engineers, India deeply mourns the premature death of Er. Subir Chandra Set who passed away on 9th July, 2012. Er. Set, an Electrical Engineer, graduating from Bengal Engineering College, Shibpur was a Life Fellow and a member of the Executive Council of the Association some two years back.

The Association conveys its deep concern and sympathy to the bereaved family. May his soul rest in peace at the Heavenly Abode.

& Coordinator, Diploma in Safety Engineering**

## **COURSES OFFERED**

**By The Association of Engineers, India**

<b>Sr. no</b>	<b>Course details</b>	<b>Duration</b>	<b>Session Starts</b>
<b>1.</b>	<b>Post Diploma Programme</b> (a) Part time Diploma in Industrial Safety	18 months	Contact AEI
<b>2.</b>	<b>Short Term Vocational Training Programme</b> (a) Construction Supervisor 'O' Level (b) Construction Supervisor 'A' Level	Six Months Six Months	Affiliation awaited

Approved and recognized by the West Bengal State Council of Technical Education who conducts examinations and award certificates.

**One-Day Technical Programme on  
Rain Water Harvesting (RWH)  
May be Organised  
on  
Request  
(This is in addition to our 2 day Technical Programme  
being offered to turn out competent RWH personnel.)**

**Members are Requested to Send  
their Contact email,  
Telephone & Mobile Numbers  
and any  
Change of Address to the  
Association.**
