

ASSOCIATION NEWS

* 89th Annual General Meeting was held on June 30, 2009.

* Six Executive Council Meetings were held in the year 2009-10.

* An Awareness Programme on Rain Water Harvesting was held on February 24, 2010 at the Association Training Centre, Salt Lake.

* A Lecture Programme on Rainwater Harvesting on June 20, 2009 in the auditorium of Birla Industrial and Technological Museum (BITM) was organized by Institute of Science, Education and Culture (ISEC) in collaboration with BITM. It was chaired by Prof. Dr. Madhusudan Bhattacharyya. Speakers were Er Samir Kr. Nag, Shri Asit Ghosh (Retd. Scientist. CGWB, GOI) and Shri Somnath Ganguly (ISEC, Project Consultant). The programme was well received by the audience as could be ascertained by the enthusiastic interaction..

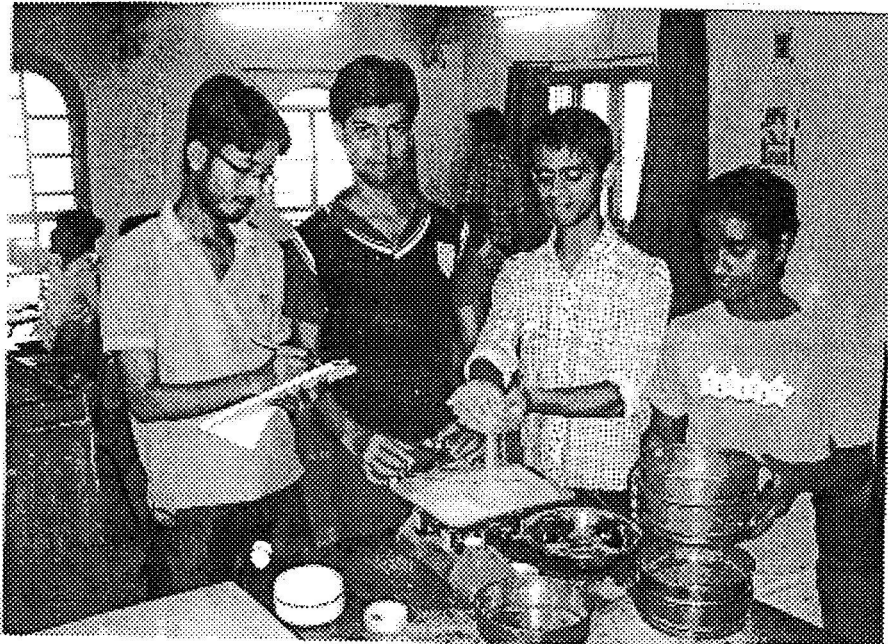

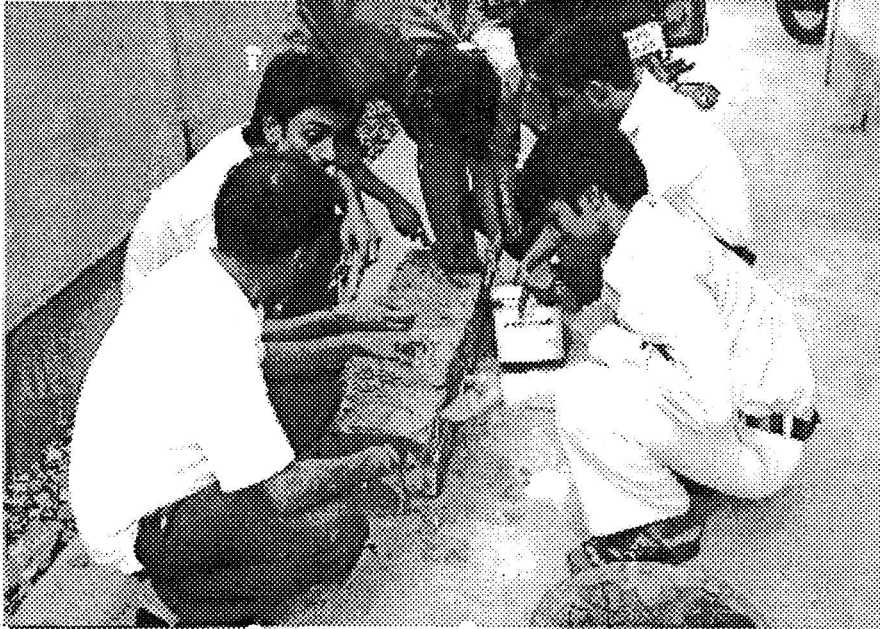

On November 13, 2009 our RWH team visited the RWH structure set up at the hospital premises of the Rishra Municipality, designed and set up by Sri Dipankar Choudhury who was trained by us at the Finishing School of RWH programme. The team was very much impressed not only by the cute design and set up, but also the way in which each and every employee of the hospital had been motivated by Sri Choudhury. Simply the whole work has been marvellously accomplished. Water is stored in four 10000 l polythelene tanks placed on a raised platform post filtration. The outlet from the interconnected tanks is connected to the basins on first and ground floors through two way valve.

On the same day afternoon the RWH team visited the RWH structure in use by the South Dumdum Municipality at its office, for recharging to underground aquifer.

* On November 26, 2009 the RWH team visited the Rainwater Centre at BDO office, Salampur Block, Bardhaman district. The centre, somehow, didn't impress the team as it wore a deserted look.

* The Association is in touch with WEBEL, Salk lake and submitted a RWH project to them. They were very enthusiastic for RWH and the Association awaits to get their feed back.

* Aliah University Civil Construction Supervisor (One year certificate course) started on 28.01.2010 with 27 students sponsored by the University.

NEW ENROLMENT

SRL. NO.	NAME	GRADE	DATE OF ELECTION
1.	Er. K. C. Francis	(F)	23. 06. 09
2.	Er. M. A. Suresh	(LM)	23. 06. 09
