(C.M. 19-8-53.)

Regarding the letter from Principal, Industrial Training Institute, Tollygunge—

It was resolved that the Committee of five to be settled by Sri A. C. Sen (Hony. Secretary) in consultation with Sri N. N. Sen.

(C.M. 19-8-53.)

Minutes of proceedings of the meeting of the Sub-Committee appointed to consider the question of amalgamation of the Association of Engineers with the Institution of Engineers (India) held on 23-9-53.

“The letter of the Institution of Engineers to the President was considered. It was felt that the present stage was too early to bring the matter to the General members which was necessary before any formal proposal could be put up before Institution of Engineers. However, without such consent and agreement for the general members no proposal could be forwarded for the Association of Engineers to the Institution of Engineers. The Association has felt that there was no necessity of two such parallel organisations in the State and has formed a Sub-Committee to consider ways and means of a merger. If the Institution of Engineers felt the same, they could take similar action

after which a joint meeting could be held to provisionally finalise the condition of, such a merger. Then and then only could such matter be brought before the General members when a formal proposal, if any, could be formulated."
