

Recent Additions to the Geological Society of India Library

- An Introduction to Rock-Forming Minerals.** W A DEER, R A HOWIE and J. ZUSSMAN (1985). *ELBS Longman*, 528 pp
- Alkaline Rocks.** J G FULTON and B G J UPTON (Eds) (1987) *Geological Society, Blackwell*. 568 pp
- Development of a Velocity Model for Locating After Shocks in the Sierra Pie de Palo Region of Western Argentina.** G A BOLLINGER and C J LANGER *USGS, Bull 1795*, 16 pp
- Energy Resources: Geology, Supply and Demand.** C C BROWN and E S KIPSFY (Eds) (1986). *Open University*, 212 pp,
- Geology of India and Burma** M. S KRISHNAN (1982) *Sixth Edition, CBS Publishers, New Delhi*
- Geologic Setting of Gold Occurrences in the Big Canyon Area, El Dorado County, California.** *USGS, Bull 1576*, 13 pp
- Geologic Studies in Alaska by the U.S. Geological Survey 1987.** (1988) *USGS, Circular 1016*, 215 pp
- Groundwater and Well drilling.** PARVEEN KUMAR (1988) *CBS Publishers, Delhi*, 368 pp,
- Hydrology for Engineers and Planners.** A T AJELMEF and J J CASSIDY (1988) *Scientific Publishers, Jodhpur*, 210 pp
- Hydrological aspects of drought.** *UNESCO-WMO Oxford and IBH Publishing Co*, 149 pp
- India's Mineral Resources.** S KRISHNASWAMY and R K SINHA (1988) (*Third Edition*) *Oxford and IBH Publishing Co* 613 pp
- Introduction to Geology.** H H READ and J. WATSON (1985) *Volumes I, (Second Edition) Mac Millan, ELBS* 693 pp
- Introduction to Rock Mechanics.** R E GOODMAN (1989) (*Second Edition*) *John Wiley*, 562 pp.
- Introduction to Geophysical Prospecting** M B DOBIN (1984) (*Third Edition*) *Mc Graw Hill-International* 630 pp
- Invertebrate Palaeontology.** HENRY WOODS (*Eighth Edition*), *CBS Publishers, New Delhi*, pp. 1-477.
- Minerals and the Environment.** *The Institution of Mining and Metallurgy.* M J JONES (Ed.) (1975) 803 pp,
- Monsoon Asia.** H ROBINSON (1976) (*Third Edition*) *Macdonald and Evans*, 510 pp.
- National Geophysical Research Institute, Annual Report (1987-88)**
- National Energy Resource Issues: Geologic Perspective and the Role of Geologic Information.** (1988) *USGS, Bull 1850*, 79 pp
- Practical Manual of Sedimentary Petrology.** S K BABU and D K SINHA (1987) *CBS Publishers, Delhi*, 98 pp
- Regional Geography of India** B S NEGI, KADAR NATH and RAM NATH (1987) (*Second Edition*), 649 pp
- Rural Geography.** B S NEGI, KEDAR NATH and RAM NATH pp. 1-502.
- Satellite Image Atlas of Glaciers of the World: ANTARCTICA.** (1988) *USGS, Prof Paper 1386-B*, 278 pp
- Tectonic Geomorphology.** M MORISAWA and I T HACK (Eds) (1985) *Binghamton Symposium on Geomorphology International Series No 15 Allen and Unwin*, 390 pp
- The Bowels of the Earth.** JOHN ELDER (1978) *Oxford University Press*, 222 pp.
- The Earth's Shape and Gravity.** G D GARLAND (1977) *Pergamon*, 185 pp
- The Geology, Carbonaceous Materials and Origin of the Epigenetic Uranium Deposits in the Tertiary Sespe Formation in Ventura County, California.** *USGS Bull 1771*, 18 pp
- The Geologic Story of the Aspen Region.** *U. S Geol Survey Bulletin 1603*, 53 pp
- The Indian Ocean: Exploration in History, Commerce and Politics.** SATISH CHANDRA (Ed). *Sage Publications, New Delhi*, 334 pp
- The Soil Chronosequence Along the Cowlitz River. Washington.** (1988) *USGS Bulletin 1590 F*. 47 pp
