

## ANNOUNCEMENTS

**National Seminar on Recent Trends in Prospecting of Earth Resources. March 18-20, 1992.** Organised by: Department of Geology, College of Engineering, Anna University, Madras 600 025.

For details contact: Dr. C. Mohana Doss, Department of Geology, College of Engineering, Anna University, Madras 600 025.

A new quarterly Journal '**INDIAN JOURNAL OF PETROLEUM GEOLOGY**' dedicated to the growth of Petroleum Sciences in India is scheduled to appear in 1992. It is intended to be a forum for the exchange and communication of scientific and technical information concerning petroleum exploration in SEA countries in particular.

The Journal will publish Articles on basic and applied research, Short Communications and Notes on new scientific and technological developments in the field of exploration, Book Reviews and Forthcoming Events. Being a multidisciplinary subject, it will cover Geological, Geophysical and Geochemical aspects, Remote Sensing, Basin Studies, Reservoir Studies and Computer applications etc.

Annual Subscription rates are: Rs. 600/- India, US \$ 80 USA, and £ 55 UK.

For details contact: Indian Petroleum Publishing Co., 11/36 Park Road, Dehra Dun (India)

**The Sixth International Symposium on the Observation of the Continental Crust through Drilling, Paris. 7th to 10th April, 1992.**

Scientific sessions and poster presentations will provide a general view of world scientific continental drilling and a summary of the results in four main areas of research:

- \* Composition of the continental lithosphere
- \* Transfers in the continental crust
- \* Geological and seismic structures of the lithosphere
- \* Scientific drilling: technologies, logging, measurements, sampling.

For further information contact: Secretariat du VI Symposium-BRGM/GPF, BP 6009-45060 Orleans cedex 2, France.
