Memoir 56

J.B. Auden – A Centenary Tribute

B.P. Radhakrishna

Brought out to pay homage to J.B. Auden, formerly of the Geological Survey of India on his birth centenary, the Memoir contains selected works of Auden on Himalayan Geology, Vindhyan Sedimentation in the Son Valley, Aspects of Engineering Geology, Seismicity, Global Tectonics and Crustal Evolution. Carefully chosen and put-together by Dr. B.P. Radhakrishna, the volume contains a masterly biographical account of Auden by the author and insights into the many-sided and humane personality of Auden by his daughter Anita Money.

The Memoir revives memories of this great geologist, his interest in the culture of India and his dedication to geological work worthy of emulation by the younger generation.

This volume will be a priceless possession in the hands of all professionals, teachers, researchers and students in the field of earth-sciences for making available at one place the best of J.B. Auden coupled with facets of his inspiring personality.

Pages: 332+vi (2003)

(Copies can be supplied at concessional price to Fellows and bonafide students.
