TEXT BOOK SERIES 14

Geology of Bihar and Jharkhand

T.M. MAHADEVAN

Latest in the Text Book Series of the Society, the Geology of Bihar and Jharkhand is an authoritative and exhaustive account of the geology of the two States that occupy a crucial position in the Indian Peninsular Shield. The book is authored by an experienced former officer of the Geological Survey of India and the former Head of the Atomic Minerals Division of the Department of Atomic Energy with first hand knowledge of the geology of the composite Bihar State.

The book attempts to weave the fascinating story of the geological evolution of a vital segment of the Indian Shield, which is also richly endowed with diverse mineral resources.

Pages: 563+xiv, (2002); Price: Rs.500/-

(Copies can be supplied at concessional rate to Fellows and bonafide students.
