Member, Editorial Board of
"Review of Professional Management"

With profound grief and sense of loss, we inform our readers the demise of Prof. S. C. Kuchhal at the age of 83 on 27th June, 2011.

Prof. Kuchhal was revered by hundreds of his students for more than two decades for teaching them fundamentals of the Corporate Finance at Indian Institute of Management, Ahmedabad. He is remembered as a man with rare skills in the field of corporate finance. A radical thinker and a successful teacher, Prof. Kuchhal was one of the group members who started Indian Institute of Management in Ahmedabad in 1961. Known for his simple and unique methods of teaching, he could explain the impact of various factors on the future performance of the financial sector.

He had been a source of inspiration and guidance to the development of the journal "Review of Professional Management" by New Delhi Institute of Management. The progress made by this publication over years is largely due to his personal interest in research in the field of management.

We are indeed indebted to him for his deep involvement and guidance in the development of our Journal and the institute's academic achievements. In fond memory of his contributions, NDIM wishes to dedicate this issue (Volume 9 Issue 1) of the Journal to late Prof. S C Kuchhal.

We pray to God for his soul to rest in peace.
