

From the Desk of the Editor

First, Wish You All a Happy and Warm New Year 2015!

Thirteenth issue of Reason-2014 is now ready to publish. Hope, by the first week of next month, publication process will be completed. Papers being published in this issue are from different areas- from Environmental Science and Engineering through Manufacturing Technology, Bio-Medical Engineering to Decision Making System. Hope readers will find the articles interesting.

In 2013, this publication of Kalyani Government Engineering College was renamed to *Reason - A Technical Journal* from the previous name of *Reason - A Technical Magazine*. Already the articles published in Reason since 2011 are made freely available on-line in the college website, <http://reason.kgec.ac.in> and www.kgec.ac.in. The process of submission of article using the website has already been launched. The sincere endeavour of Mr. Tamal Biswas, a B.Tech passed out student of 2014 batch from the Department of Computer Science and Engineering of this college, is thankfully acknowledged for introducing the Reason web page. The support and help extended by Shri Koushik Dasgupta of Department of Computer Science and Engineering in this respect deserves special mention. Next task is now to start Indexing/ abstracting service of the articles published in this journal. From the next issue, steps are being taken to use plagiarism check software for all the articles submitted to *Reason - A Technical Journal*.

As of previous issues, honorable reviewers have kindly done the review work to judge and/or to improve quality of a paper manuscript. With this issue, publication of revised articles from the 4th International and 25th All India Manufacturing Technology, Design and Research Conference (AIMTDR-2012) held at Jadavpur University, Kolkata and National Conference on Industrial Engineering (NCIE-2011) held at West Bengal University of Technology, Kolkata is getting over.

The Principal, Kalyani Government Engineering College, Kalyani plays a key role in publishing this journal, and his encouragement for this is gratefully acknowledged. Members of Editorial Board deserve special thank for their advice and supportive role. The Editor wishes to thank all others who have extended their help and support towards publishing this journal. Finally, contributors of articles should deserve special mention for choosing this journal to publish their articles.

At the end, I put forward the Call for Manuscripts for publication in the next issue (Vol.XIV, 2015) of *Reason - A Technical Journal*. Conference organisers are requested to contact the Editor for publishing few selected articles presented in it after double-blind peer reviewing. Institutions are requested to subscribe this journal for their Library.

Best wishes to you on this Solemn Day of '**Amar Ekushe**', celebrated worldwide as International Mother Language Day.

Prof. Dr. Santanu Das
Editor
