Secretary's Message

Dear Prof. Syed Moied,

Greetings from ISA NHQ.

I congratulate you and the team from Central Journal of ISA in starting E Journal of ISA Central Zone for the benefit of students, practitioners & teachers.

ISA wants anaesthesiologists to know & learn the new & latest in anaesthesia and this is achieved by attending CMEs and reading Journals. These new Journals will give opportunity to members to publish their research work and also others to learn the latest in anaesthesia and also what others do.

We all must appreciate the efforts of Dr. Virendra Sharma, GC member from your Zone for his efforts in getting people together to start this E Journal.

I wish you all the best and request you to be selective in publishing articles and keep high standard of ISA and publication so that it will be indexed soon.

Dr. VENKATAGIRI K.M. M.D, M.B.A, FICA.

Hon. Secretary - National
Indian Society of Anaesthesiologists (ISA)
